Healthcare

Medical and prescription drug coverage

Choose from multiple Blue Shield and Kaiser medical plans. Each plan is designed differently, so there's a fit for everyone.

- **The Blue Shield and Kaiser HDHP + HSA plans** have the lowest monthly premiums but the highest annual deductibles. Both plans come with a health savings account (HSA) and a company-provided contribution to help pay for eligible healthcare expenses. In the Kaiser HDHP + HSA plan, you can only see providers in the Kaiser network (offered in California, Georgia, the mid-Atlantic states, and Washington state).
- **The Blue Shield PPO plan** has the highest monthly premiums but a low deductible.
- **The Blue Shield EPO plan** has higher monthly premiums but a low deductible. You'll pay a fixed cost when you receive medical care, but you can only see providers in the Blue Shield network.
- **The Kaiser HMO** (offered in California, Georgia, the mid-Atlantic states, and Washington state) has higher monthly premiums but no deductible. You'll pay lower costs when you receive care, but you can only see providers in the Kaiser network.
- **Employees in Hawaii** can find information about their medical and prescription drug options through HMSA at rewards.okta.com.
- **Prescription drug coverage** is offered no matter which Okta medical plan you enroll in:
 - Blue Shield participants have prescription drug coverage through Express Scripts.
 - Kaiser participants have prescription drug coverage through Kaiser network pharmacies.

Dental coverage

MetLife's Preferred Dentist Program (PDP Plus) gives you access to comprehensive dental coverage that includes three preventive cleanings per year and a nationwide network of providers to choose from.

Vision coverage

VSP's nationwide provider network gives you access to great vision care with coverage for routine eye exams, lenses, frames, contacts, and UV protection, as well as competitive discounts for LASIK and other vision services.

Early cancer detection screenings

As part of Okta's commitment to caring for you and your family members, we offer an early cancer detection screening benefit through Grail. To use this benefit, you must be enrolled in an Okta medical plan and meet additional eligibility criteria. For example, if you're age 40 or older with additional risk factors, or age 50 or older with no additional risk factors. Additional risk factors may include, but are not limited to, smoker status, diabetes, first-degree relative with cancer or a cancer survivor, and history of HIV infection.

Added lifestyle support

If you enroll in an Okta Blue Shield medical plan, you'll have access to Wellvolution, which includes over 60 programs that members can choose from to better their overall health and lifestyle. These programs include everything from general wellbeing to health risk management to treatment and reversal of chronic conditions.

If you're away from work due to an injury or illness, you may receive up to 100% of your base salary for the first 30 days of absence. Following this, short-term disability will cover 60% of your weekly earnings (\$2,500 maximum per week), up to 12 weeks.*

Financial guidance

Navigating finances can be stressful. With LearnLux, you have access to 1:1 consultations with financial experts, digital tools, interactive education sessions, and more so you can feel your best financially.

Rewards

Your base pay works together with Okta's bonus, incentives, equity grants (aka "long-term incentives" or "restricted stock units" [RSUs]), and the employee stock purchase plan (ESPP) to provide you with competitive pay and an ownership opportunity.

Employee stock purchase plan (ESPP)

By choosing to participate in the ESPP, you'll invest directly in the company by purchasing shares of Okta stock at a discount through after-tax payroll deductions.

Short-term incentive programs

Okta offers all eligible employees a short-term incentive program, depending on your role:

- For our salesforce, we have designed a commission plan to reflect your individual achievements, allowing you to have greater control over your compensation.
- For all other employees, we offer a corporate bonus program, which is designed to recognize your dedication and achievements, while also tying to Okta's financial performance.

Long-term incentives (RSUs)

Here's your true opportunity to share in the value you're building—aligned directly with our shareholders' interest in Okta's long-term success. Most employees are eligible for annual long-term incentives, which are a form of noncash compensation that gives you a piece of company ownership. Okta's equity grants are made in the form of RSUs, at no cost to you.

Flexible paid time off (PTO)

Okta doesn't set a limit on your flexible paid time off—whether it's for vacation, personal business, or family matters. We just ask that you talk with your manager and decide what's reasonable.

Wellbeing Week

Wellbeing is important and it's vital for employees to fully step away from work to rest and recharge. For this reason, the last week in December is recognized as a global Wellbeing Week.

Sick time

All Okta employees receive paid sick time for preventive care or for treatment of a health condition for yourself or for an immediate family member.

Other time off

Other time off includes volunteer time off (VTO) to give back to your community, as well as leaves of absence to rest and recover from any illnesses or injuries.

Parental leave

Take up to 18 weeks of time away with 100% of your base pay. You choose whether to take this leave all at once or to break it up within the first 12 months of your child's birth or adoption placement. Okta's parental leave program is coordinated with state and local disability benefits and runs concurrently with federal, state, and local laws.

Personal leave

If you've exhausted other types of leave, you can request an unpaid leave of absence for up to three additional months.

Volunteer time off

Each year, you can take four paid days off to volunteer with the nonprofit of your choice. Plus, you get a \$500 charitable match per year to donate to an organization of your choice.

Everyday wellbeing

Balancing work and family life is challenging, and sometimes, we all need a little extra support. Okta's employee assistance program (EAP), provided by Modern Health, offers 24/7 support to help you and your family members thrive, no matter what the challenge may be. You and your eligible dependents each receive up to eight coaching sessions and eight therapy sessions per individual, per calendar year.
